School Overview

Eumundi State School is set in the rolling hills of the Sunshine Coast hinterland, adjacent to the famous Eumundi Markets. It is co-educational, offering instruction for students from Preparatory Year to Year 6, with enrolments consistently sitting at approximately 650 students. At our school we endeavour to provide a positive, supportive and encouraging learning environment which will assist each child to develop to their fullest potential academically, physically, socially and emotionally, while also developing in each a recognition of the needs and rights of others. Parents are encouraged to visit the school frequently and to become involved where possible in the school's programs and activities. We welcome parents as educational partners and trust that children find their time at Eumundi rewarding and enjoyable. At Eumundi State School we are committed to maximizing the potential of each individual child and to fostering an enthusiastic attitude towards life-long learning. Our school motto 'While We Live We Grow' reinforces our belief that learning continues throughout life's journey.

Principal's Foreword

Introduction

School Progress towards its goals in 2017

In 2017 the school made significant progress in a number of areas as outlined in our Annual Implementation Plan.

Numeracy focus: Continued the implementation of the new school approach to the teaching of mathematics. Provided PD for staff in ACARA standards in Mathematics. Built teacher capacity to recognise and remediate key misconceptions through numeracy rich routines, warm ups, which align with ACARA content and link with C2C units. Continued to build teacher data literacy skills. Identified data starting points for planning, pedagogy and assessment processes. Embedded Numeracy Data PLT in the P-2 and 3-6 sector.

Literacy Focus: Investigated new approach to the teaching of spelling across the school using the Words Their Way spelling program. Planned to provide professional development for all teaching staff to develop

their knowledge and understanding of the program. Supported implementation through targeted support for teachers via the organisation of a Gradual Release of Responsibility coaching model.

Attendance: Raised awareness across the school community of the importance of school attendance. Communicated this expectation to parents and students via newsletters, parades etc. Reviewed processes to individually track students with poor attendance rates. Set up case management processes to enhance communication with parents and students in this area. Developed positive reinforcement approach to encourage attendance.

Future Outlook

As our school continues to grow we aim to maintain our current curriculum offerings and focus areas whilst exploring opportunities to enhance these where possible. In 2018 we aim to complete the following projects:

- Further enhance the Enviro Centre/Sustainability/Science concept through IPS funding
- Implement P-12 Curriculum, Assessment and Reporting Framework
- Design and implement a whole school focus on numeracy
- Develop and implement a Makerspace concept room to promote STEM concepts

- Upgrade existing facilities to promote an intentionally inviting environment
- Embed the Words Their Way Spelling program and NCR Maths Diagnostic tests into planning and pedagogical practice and use this data to inform teaching
- Refresh reading pedagogy through an inquiry approach to the teaching of reading and contemporary reading programs

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	Yes
Year levels offered in 2017:	Prep Year - Year 6

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	583	281	302	12	95%
2016	614	294	320	12	95%
2017	632	314	318	16	96%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Our school community is drawn from a wide range of areas across the Noosa Hinterland. Children typically come from a rural or semi-rural background. Our children enjoy outdoor pursuits and are often involved in horse riding, motor cross and lifesaving. They are also very passionate about a wide range of visual and performing arts. The school offers a non-denominational Christian approach to religion. The school has a small indigenous enrolment.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	25	24	24
Year 4 – Year 6	27	27	28
Year 7 – Year 10			
Year 11 – Year 12			

Curriculum Delivery

Our Approach to Curriculum Delivery

Our distinctive curriculum offerings include:

- Ignite English and Mathematics Extension programs for identified students
- Impact Program (interactive online classroom environment) for identified Upper 2 Band students
- Connect program to support students from Prep to Year 2
- Strong focus on Permaculture and care for the environment across the curriculum
- Surf Awareness Program for students in Years 5 & 6

- Specialist Science and Digital Technology lessons
- Glee Club program for interested students
- Online Reading Eggs (Prep – Year 1) program is accessible for students
- P – 6 access to a school Maker Space
- ICT Club including Coding and Robotics

Co-curricular Activities

Activities outside the normal school routine are viewed as being of much value in assisting the development of children’s full potential. Extra-curricular activities are arranged for children throughout the year. These include cultural and artistic performances, participation in local sports, musical and academic competitions, school camps and discos.

The school regularly participates in the following:

- King of the Mountain Relay Race
- Arts in Action day including Eumundi’s Got Talent
- Under 8’s community celebrations
- Community Anzac Day commemorations
- Goombucka indigenous culture activities week
- District and Regional sport representation for selected students
- Interschool Sports for students in Year 6
- Specialist performances for students in Prep – Year 6
- Outside Schools Hours Care program
- Year 4, 5 and 6 camp
- Guitar Club
- Gardening Group

How Information and Communication Technologies are used to Assist Learning

Our school is well equipped with computers. All class computers are connected to our school curriculum server which also allows access to the internet. In addition, we have two computer labs located in our Learning and Development Centre.

The computer is used as a valuable learning tool, and students are instructed in how to make effective use of available hardware and software resources. A school-based program of skills and application of these skills has been developed and is implemented across the school from Prep to Year 6. Students from Prep to Year 2 have access to ‘Reading Eggs’ online program at school and at home.

The use of ICT’s in classrooms to support literacy and numeracy outcomes is a strong focus for the teachers at Eumundi. All classrooms are networked with student access to the internet and intranet. All classrooms have also been equipped with Interactive Whiteboard technology and ceiling mounted projectors to aid in teaching delivery. The One Note interface is being used for whole-school planning, facilitating the sharing of resources and developing more efficient access to curriculum information.

The library is equipped with a bank of approximately 50 computers for students to access during lunch breaks. A range of software programs including learning objects, Kidpix and various others are used. A Maker Space has been established for teachers and students to explore, utilise and learn through ‘play’ with a range of digital technology products as part of our STEM plan.

The implementation of the Digital Technologies curriculum is a current focus. Key concepts in this Key Learning Area are being delivered to all students via specialist lessons.

Social Climate

Overview

Enrolments reflect a broad cross-section of the socio-economic range, with a focus on social development through our 'Eumundi Expects' which encourages students to focus on the values of 'Care, Common Sense, Courtesy and Co-operation'.

Awards are presented regularly on school parade to students exhibiting these traits. In 2016 Parent feedback from School Opinion Survey Data revealed that a very high percentage of surveyed parents felt that their child was receiving a good education at Eumundi State School. For the past 5 years the school has accessed funding to employ a school based chaplain to enhance its Pastoral Care Program.

Parent, Student and Staff Satisfaction

* Nationally agreed student and parent/caregiver items

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

Parents are encouraged to take an active role in their child's education and classrooms often use the services of volunteer parents. The school has an active P&C which meets regularly to discuss educational issues and plays a fantastic role in fund raising for the school.

Parent volunteers are used to assist in the schools Tuckshop and in the Garden / Permaculture Program on a weekly basis. Reporting is an important component of the school / parent relationship. At Eumundi parents are involved in parent / teacher meetings in Term 1 and 3. In Term 3 a three-way meeting takes place between teacher, parent and student where the child has the opportunity to share their work folio directly with their parent. Support is available for students with a disability who have been verified by Education Queensland. The student needs to meet the criteria set by EQ for one or more of the following categories; Physical Impairment, Intellectual Disability, Visual Impairment, Hearing Impairment, Speech/Language Impairment and Autism Spectrum Disorder. The SEP Teacher and EQ Specialists work with the parents of the student with a disability to organise and complete the required testing, reporting and paperwork which has to be submitted to EQ for verification. This verification is essential to attract funding to provide support. Students who do not meet the verification criteria are considered for support through whole school inclusive practices.

Respectful relationships programs

The school has developed and implemented programs that focus on appropriate, respectful and healthy relationships. The school's behaviour plan is centred on the 4Cs – care, courtesy, cooperation and common sense – and the language around these areas is consistent throughout the school. Issues around personal safety and awareness, raised on a whole school level, classroom or individual basis are discussed using the 4Cs terminology. We have a qualified and trained member of Admin principally responsible for behaviour issues,

who also liaises with staff and parents when behaviour has escalated beyond usual classroom management. Across the school, in 2017, there has been a focus on staff and student well-being and mindfulness. On-line mindfulness programs are being used by teachers on a regular basis across the school. Within the curriculum delivery, teachers use the Daniel Morcombe Health Units, to develop students understanding of 'recognise, react and report' when they or others feel unsafe. Students are also taught the importance of personal safety online during Cyber Safety and bullying presentations which are conducted regularly throughout the year. The school community has been made aware of the importance of recognising and reporting Domestic Violence and how this impacts on students and their learning.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	1	7	1
Long Suspensions – 11 to 20 days	0	1	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

Environmental Footprint

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns. The school formally adopted a SEMP program at the conclusion of 2010. The school has significantly reduced its use of water and electricity from 2013 to 2014 through awareness raising and whole of school strategies to reduce our environmental footprint. Unfortunately our use of water and electricity increased from 2010 – 2016 due to finalisation of our air conditioning program throughout the Prep – Year 6 classrooms. An increase in enrolments during the last 3 years has also lead to increased usage as three more classrooms were in use along with a Science Lab. In 2015 the school received a grant to install 90 000L water tank to be used in the Environmental Centre. It is anticipated that this tank will reduce the schools need for watering in the garden area. The school also purchased a water pump and additional water storage in 2016 to support the watering of the oval during particularly dry periods.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	112,115	301
2015-2016	122,957	389
2016-2017	122,766	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

School Funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

Our Staff Profile

Workforce Composition

Staff composition, including Indigenous staff

The data contained in this table is based on the establishment cube used for workforce turnover which takes a number of snapshots of the workforce on The Solution Series (TSS) per year and averages these for the year.

In order for staff to be counted as 'Indigenous staff,' employees will have filled in an Employment and Equal Opportunities (EEO) form and self-nominated.

In accordance with the EEO privacy provisions and to ensure confidentiality, the 'less than 5' rule has been applied in schools whose Indigenous staff numbers are less than five.

2017 WORKFORCE COMPOSITION			
Description	Teaching Staff	Non-Teaching Staff	Indigenous Staff
Headcounts	45	23	<5
Full-time Equivalent	38	15	<5

Qualification of all teachers Schools will report on the qualification of classroom teachers and school leaders employed at the school, based on those staff employed at the school at the end of Term 4 each year. Qualification should be reported at the highest level of attainment. The table below could be used to describe the distribution of qualifications.

Based on your records, record the numbers of teachers with the corresponding highest level of qualification and check that the total matches the total teaching staff above. (NB: The Department of Education does not collect a teacher qualifications record on an annual basis).

TEACHER* QUALIFICATIONS	
Highest level of qualification	Number of classroom teachers and school leaders at the school
Doctorate	
Masters	6
Graduate Diploma etc.**	5
Bachelor degree	32
Diploma	2
Certificate	

*Teaching staff includes School Leaders

**Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$ 45296.64

The major professional development initiatives are as follows:

- Numeracy – North Coast Region Diagnostic Tool and Show Me Papers
- Words Their Way Spelling approach
- Early years – Age Appropriate Pedagogies
- Leadership
- Digital technologies / STEM – ACARA

The proportion of the teaching staff involved in professional development activities during 2017 was 100%.

Staff Attendance and Retention

Staff attendance

Description	AVERAGE STAFF ATTENDANCE (%)		
	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	97%	97%	97%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 98% of staff was retained by the school for the entire 2017.

Performance of Our Students

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017

Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	93%	93%	93%
The attendance rate for Indigenous students at this school (shown as a percentage).	90%	86%	90%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Primary schools was 93%.

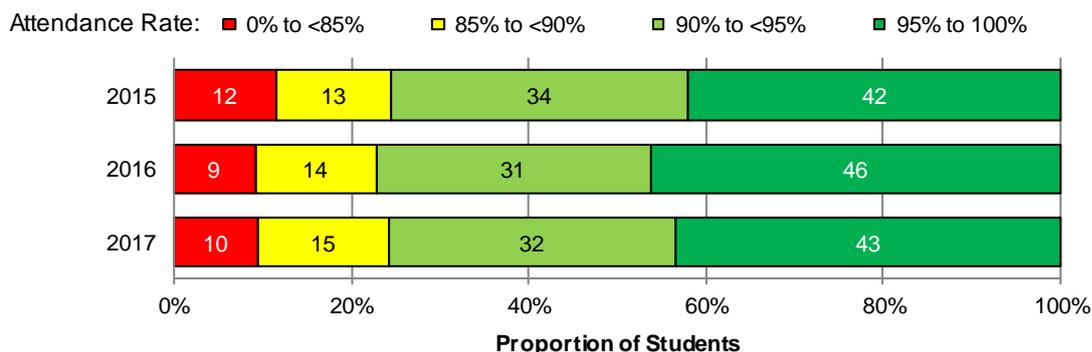

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015	90%	93%	93%	94%	93%	93%	93%						
2016	93%	92%	94%	94%	93%	93%	93%						
2017	94%	92%	93%	94%	93%	93%	93%						

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism. Parents are required to advise the school by telephone or letter as soon as possible of the reason for the child being absent from school. Attendance is recorded on school rolls twice daily – at 9.00am and after second break at 1.30pm. Children arriving to school after 9.20am will be marked absent for the morning / half day absence. Children absent from school for more than two days without reason or notification from the parent will be marked as unauthorised on the school roll. This will result in a follow up phone call from the school administration to ascertain the reason for the child being absent. Continued unexplained absences or if the reason for absence is considered unsatisfactory will result in a parent meeting being organised to discuss the situation.
